\*\*\*\*E Crash\*\*\*\*LOG ONLY. The RP is a CMV driver who was traveling east bound on I 82 near mile marker 2. The RP was in the 'A' lane and was passing another CMV that was in the 'B' lane. The other CMV was a Marten Transport tractor. The Marten truck came over into the 'A' lane and bumped the passenger door mirror on the RP's tractor. the mirror was pushed backwards. The RP initially stated he had to pull the mirror arm back into place and the only damage was a rub mark on the mirror frame. He ultimately called me back to report after he got back under way, he noted the mirror had a crack in it from the reflection of light from other vehicles. The RP stated he attempted to signal the Marten driver but was unsuccessful. The Marten driver never slowed or stopped. No plate information was observed for the Marten vehicle combination.
